RE: USPS Subsequent Notification of Regulated Waste Activity

Enclosed are Subsequent Notification of Regulated Waste Activity forms for U. S. Postal Service (USPS) Facilities in New Jersey that have EPA Identification Numbers (EPA ID numbers). The USPS reviewed operations at all of our New Jersey facilities located in the USPS New York Metro Area that have EPA ID numbers to determine each facility's current hazardous waste generation status. The purpose of submitting subsequent notification forms is to provide the most current information regarding generator status, ownership, addresses, and contact information, and to ensure the information is transmitted to the EPA RCRAInfo database.

Several USPS facilities no longer generate any hazardous wastes and the Postal Service requests that these numbers be deactivated.

The USPS also has revised the site names for all postal locations to begin with a standardized "USPS" identifier. This will assist in future identification of USPS facilities with EPA ID numbers.

Please call me at 201/955-9687 if you have any questions regarding these forms.

Sincerely,

A handwritten signature in black ink that reads "Richard Paprocki".
